Guidelines

Here we are providing you some important instructions and guidelines, which are focused on how to best prepare for your session. Please go through all of these.

1. The conference is divided in two sessions i.e. Morning and Afternoon. The morning session will cover presentations under sub-themes *Military and Security Development*, *Economic and Development and National Security* in **Room 15**, while *Domestic Politics and Security* and *Societal Security* in **Room 16** of S3H building. Similarly, the afternoon session will cover presentations under sub-themes *Human Security and Development* and *Media and Security* in **Room 15**, whereas *Environment and Security* and *Energy and Security* in **Room 16** of S3H building respectively.
2. Please identify your paper from the schedule attached - you may identify your paper there with your name and title. Please note the time of your session.
3. Please make PowerPoint slides and share with conference organizers Dr. M. Ammad Khan (ammad@s3h.nust.edu.pk) or Dr. Farah Naz (farahnaz@s3h.nust.edu.pk) **on or before September 30, 2021**.
4. It would be best if you attend all sessions of this conference from opening to closing - however, if you are unable to attend all, it is expected that you attend at least your own session.
5. Your session chairs and discussants are copied to this email. It would be worthwhile to connect with them and best if you may forward them a one-page executive summary of your paper.
6. You will need to effectively manage the presentation time - please note, no author will be given more than 15 minutes, so if you do not keep the timings under consideration, the session chairs will have to intervene, and you may not be able to complete your presentation. So, please finish your presentation within 10-15 minutes.
7. Please make a quality presentation - please avoid too many slides and too much text.
8. Questions & Answers will be allowed at the end of all presentations and each presenter will be given 10-12 minutes for questions and answers.
9. Please join the session 20 minutes in advance and test your PowerPoint slides to avoid doing this once the session is underway.
10. Lastly, kindly note your papers were peer-reviewed and a lot of effort was put in the review process and the selection of your paper. As a gesture we also waived off registration fee for all participants. So, it is expected that all of you participate. However, if for some unavoidable reasons you are unable to attend the conference then please advise your session chair well in advance or inform them as to who from amongst the authors will present and/or attend. It is important.
